Comparing Numbers Using Multiplication Word Problems

a.

Arthur's weight = 19 kg.

Enzo' weight as compared to Arthur's weight = 2 times as heavy as Arthur.

Therefore, Enzo' weight

= Arthur's weight × Enzo' weight as compared to Arthur's weight.

= 19 x 2 = ?

= 19 x 2 = 38kg

So, Enzo' weight is 18 kilograms.

b.

Francisco received 40 candy canes.

c.

Sophie ate 15 cupcakes.

d.

Josephine has 225 pennies.

e.

The flower bed is 55 meters long .
