## What percentage is illustrated?

What percentage of the shapes below are shaded?
(Write your answer using a percent sign %).

Count the number of sections = 100 sections.
Count the number of shaded sections = 15 sections.
Now, write 15 of the shaded sections out of 100 sections as a percentage.

= 15%

= 32%

= 65%

= 70%

= 86%
